

Robotics Club

Dear Students and Parents,

I am proud to introduce our 6th year of Robotics Club at St. Lawrence Catholic School. The students will be working on building, programming, and testing robots using the Lego Mindstorms System. The students will work on becoming active problem solvers and learn the value of collaborating with their fellow students.

Robotics Club is open for students in grades five through eight.

Robotics Club runs from 3:15-4:00 in Room #5 any student who is not picked up by 4:00 will be escorted to after school care. Dates will be announced in the monthly calendar. There is a \$25.00 fee per each student to pay for supplies and entry fees. Please note that the school may disallow participation in or access to school activities if any financial obligations are not met (pg. 47 Parent-Student Handbook).

Sincerely,

Mr. Souza
